PROVINCIAL SECRETARY.

PROVINCIAL BOARD OF HEALTH.

REGULATIONS of the Provincial Board of Health, approved by Order of His Honour the Lieutenant-Governor in Council dated the 15th day of February, 1900.

REGULATIONS

For the Prevention of the Spread of Small-Pox to and in British Columbia.

1. All passengers arriving at the Boundary Line from the south may be required to furnish the Inspector or Officer in charge of the carrying out of these regulations with a Certificate from the Health Officer of the city or town which he or she has left, containing the following particulars:—

- (a.) That he or she has not been in any place or building infected with small-pox;
- (b.) That he or she has not lived in any place or building which lies dangerously near any infected building or district;
- (c.) That he or she has recently been successfully vaccinated.

2. If the Inspector believes that any person is infected, or that his or her clothing or other effects contain infection, the Inspector shall detain such person, and his or her clothing and effects as aforesaid, until the period of incubation is over, and such person and his clothing and other effects shall be at once disinfected.

3. If he only suspects that any person on board, or the effects of any such person, have been exposed to infection, he shall notify the Medical Health Officer of the locality to which the person is going to meet the train or boat, and to keep the person thereafter under observation.

4. In the event of any passenger bringing any baggage (hand or otherwise), or whether the same shall be forwarded by express, the following certificate may also be required from the Health Officer of the town or city aforesaid:—

- (a.) That the said baggage (*here give full description of said baggage so that there can be no question as to identification*) has not been in any place or building infected with small-pox;
- (b.) That the said baggage has not been stored or used in any place or building which lies dangerously near any infected building or district.

5. All railway companies, transportation companies, and stage lines must adhere strictly to the following regulations:—

- (a.) All mail from infected districts destined for points on the boundary line, or north of same, must be fumigated on or before leaving the last point of call south of said line, and the master in charge of such mail must furnish the Inspe-

ctor or Officer in charge of the carrying out of these regulations with a certificate from the Health Officer of such points where fumigation takes place that same has been done:

- (b.) All cars must be fumigated before leaving American points for British Columbia points, and the Health Officer's certificate must be furnished that such has been done;
- (c.) No Indians shall be allowed to land in West Kootenay or East Yale under any conditions.

Notification.

6. Whenever any householder knows or suspects that any person within his household has small-pox, he shall immediately, by special messenger when possible, give notice to the Medical Health Officer.

7. Whenever any physician knows or suspects that any person whom he is called upon to visit is infected with or has died of small-pox, he shall immediately notify the Medical Health Officer.

8. Any physician so called shall have, for the purpose of isolating the infected person and his attendants and of placing the patient, attendants, and all other persons residing in the same house and the house itself in quarantine, all the powers of the Medical Health Officer, and the duty of ordering and enforcing such immediate isolation and quarantine shall devolve upon such physician until the Medical Health Officer has been notified and has had time to act.

9. Whenever a teacher in any school has reason to suspect that any pupil is suffering from small-pox, or that small-pox exists at the house of any pupil, he shall notify the Medical Health Officer immediately, and shall prevent the attendance of said pupil or pupils until medical evidence that no danger of infection exists has been obtained. (*Vide* section 86, sub-section 3, "Health Act, 1893.")

10. Physicians, teachers, and householders shall notify the Medical Health Officer of the presence, or suspected presence, of chicken-pox.

11. The Medical Health Officer shall immediately give notice by telegraph to the Provincial Board of Health of the first case of small-pox which shall appear in his district, and shall further furnish every seven days, or oftener if required, a statement showing the number of new cases developed, the number of those who have died, the number of those who have recovered, and the number who are still sick.

Suspected Case.

12. The Medical Health Officer of every district, or any of his medical assistants, having received information of a suspected case of small-pox, shall immediately inquire into the facts, either by consultation with the attending physician or by his own personal observation, or both. If the characteristic symptoms are not sufficiently developed at the time of investigation, the Medical Health Officer shall keep the case under his own personal observation at the special suspect station or elsewhere until the true nature of the disease is discovered. Until the time has arrived when, in the opinion of the Medical Health Officer, all cause for suspicion or danger is past, the suspected case shall be isolated and otherwise dealt with in the same manner as prescribed for a case of small-pox. The persons living in the same house, or who have been in contact, with the infected patient, shall also be kept under observation. And all such persons and the suspected person also shall be immediately vaccinated with the most active vaccine matter procurable.

Actual Cases.

13. The action to be taken in the event of a case of small-pox being discovered is shortly as follows:—

- (a) Detention, disinfection, isolation of persons affected or exposed to infection;
- (b) disinfection of car or boat;
- (c) vaccination of all persons who have been exposed to contagion or suspected of conveying contagion;
- (d) the treatment as a suspect of any person who refuses to be vaccinated;
- (e) notification of the local Board or Health Officers at places of destination;
- (f) notification of Secretary of Provincial Board.

Vaccination.

14. It shall be incumbent upon Local Boards of Health to arrange suitable times and places for vaccination, and to give public notice thereof.

15. It is now deemed necessary, and is hereby ordered, that teachers in Public Schools and High Schools or Colleges shall require a certificate of successful vaccination from each child attending at such School or College, or a certificate that such child is at that present time insusceptible to vaccination. The certificates shall be presented on demand to the teacher or other proper authority.

Penal Clause. (Sec. 94, Health Act.)

16. Provides that any person who violates any regulation of the Provincial Board shall, unless it is otherwise specially provided, be liable for every such offence to a fine not exceeding one hundred dollars, with or without costs, or to imprisonment, with or without hard labour, for a term not exceeding six months, or to both fine and imprisonment, in the discretion of the convicting Court.

17. The Small-Pox Regulations adopted in 1896 are now in force.

CHARLES J. FAGAN,
Secretary, Provincial Board of Health.
Victoria, February 12th, 1900.

By Command.

C. A. SEMLIN,
Provincial Secretary.

ORDERS IN COUNCIL.

GOVERNMENT HOUSE, VICTORIA.

5th March, 1900.

PRESENT :

HIS HONOUR THE LIEUTENANT-GOVERNOR
IN COUNCIL.

WHEREAS there is doubt as to the true intent of section 5 of the "Mineral Act Amendment Act, 1898," and of section 36 (as amended) of the "Mineral Act," regarding the recording of assessment work and the payment of money, together amounting to the value of \$500, and the time or times when such records may be made before a Certificate of Improvements for a mineral claim may be issued :

On the recommendation of the Honourable the Minister of Mines,

His Honour the Lieutenant-Governor, by and with the advice of His Executive Council, and under the provisions of section 143 of the "Mineral Act," has been pleased to order, and it is hereby ordered, as follows, that is to say:—

That the said sections 5 and 36 be and are hereby interpreted so as to permit a free miner who has applied by affidavit (Form G, as amended, of the "Mineral Act") for a Certificate of Improvements to receive and record a Certificate or Certificates of Work for all or any assessment work done by him or his predecessor in title since the recording of the mineral claim, in excess of the value for which he has already obtained a Certificate or Certificates of Work, provided that at the time of applying for such additional Certificate or Certificates of Work, such claim is still in good standing in the office of the Mining Recorder, and has not lapsed or otherwise become invalid, and provided that in the particular case above referred to the affidavit required by section 24 of the "Mineral Act" shall state the total amount of work done in each year since the date of record of the mineral claim, and the value thereof for each of such years, also the value of the work as well as the years for which he has already received and recorded a certificate or certificates of work.
